

Elite 5KVA Metal Vented Transformer

Sales Specification Sheet

Description:

The Elite 5KVA metal vented transformer is essential for your portable heavy duty power needs. Manufactured from premium gauge steel construction ensures this product will be a reliable addition to your hire fleet and the fully corrosion resistant coating will ensure it stays in great condition after many years of service.

The 5KVA intermittent and 3KVA continuous load rating is protected by a thermal reset overload protection switch located on the input. The 110V 32A socket makes this product ideal for all portable heaters rated to 2800W the outlet socket is manufactured to IEC 60309.

Note, the Elite 5KVAMV portable transformer is supplied with 1.75mtr of 3 core 1.5mm rubber cable fitted with a 13A moulded rated for rough use.
