

TRACK MATS

Strong, safe and simple to install - GAP's range of Track Mats are the ultimate in ground protection. Commonly used on construction and event sites across the UK, Track Mats are proven to be an industry leading product.

These lightweight, completely recycled polyethelene products come with quick connectors, ensuring you can install them efficiently with minimal labour. Our Track Mats come with multi-treads giving an option of either vehicle or pedestrian treads on either side.

Track Mats are available for hire or sale nationwide from all GAP Non-Mechanical Plant depots. Contact us today to add Track Mats to your site and keep your site moving.
