

The Defender DL4000 is a cost effective and bright anti-glare light. It has been designed to easily link up, to create a secure hanging floodlight chain for work sites, walkways or tunnels.

- > Linkable - connect multiple lights to form a festoon string
- > Affix the light to ceilings, scaffolding and masts
- > A 4kVA power supply will power 50 DC4000s
- > Robust construction
- > End caps are over moulded for added protection
- > Frosted lens offers glare reduction
- > Vented for ultimate heat control
- > Concave base supports secure fit onto scaffolding
- > 3MTR H07RNF Input / 3MTR H07RNF (External) output
- > Supplied with a Defender coupler BSEN 60309 rated, 16A plug and cable tidy
- > Use with Rail Mast - part number E712685.1
